

How to select the *Right blinds* for each room

At Home Vision Blinds we believe
there's nothing more uplifting
than light-filled homes & workspaces.

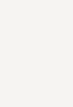

Use this guide to help you select blinds to suit every space, be it a home, commercial office or rental property & keep renovations/building costs down with factory direct prices.

a. Bathroom

VisionWood Venetian Blinds

- Synthetic wooden look material that won't crack, warp or fade. Perfect for areas with heat or condensation.

Roller Blinds

- Are mould, fire & water resistant.

b. Bedroom

Blackout Roller Blinds

- Have a thermal quality & offer complete privacy - with no light coming through.

Vertical Blinds

- You can easily control light & adjust privacy. They are also a cost effective option.

c. Kids room

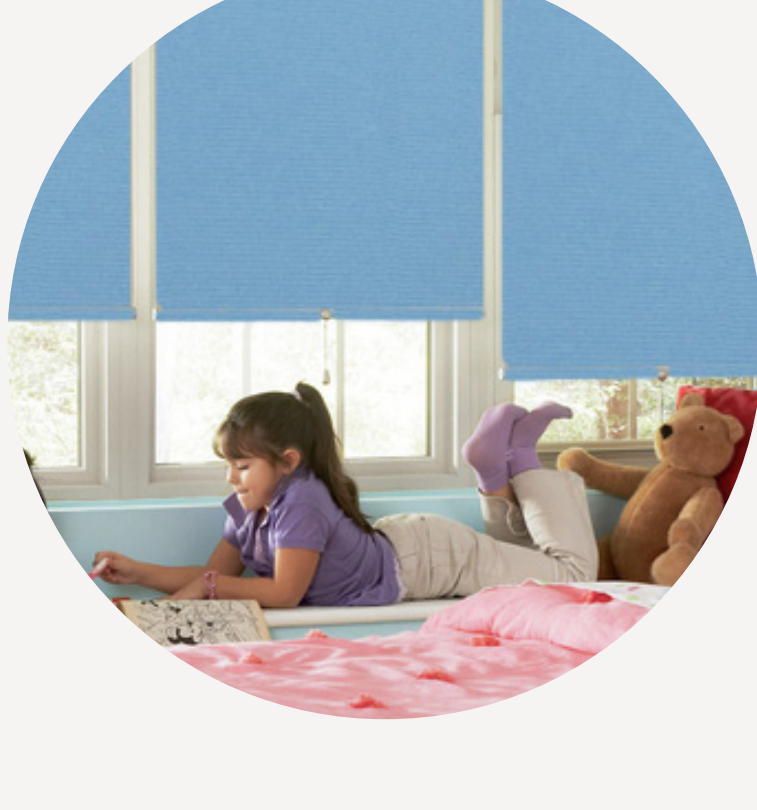

Roller Blinds

- Wide range of available in fun & bright colours.

Blackout Roller Blinds

- Are perfect for a nursery.

d. Kitchen

Roller Blinds

- Are mould, fire & water resistant. You can also have privacy, while being able to control how much light comes in.

VisionWood Venetian Blinds

- Are perfect for rooms that are prone to condensation & heat.

e. Lounge

Sunfilter or Sunscreen density Roller Blinds

- Reduce glare & protect your furniture from light damage, while still enjoying your view.

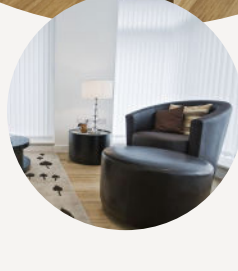

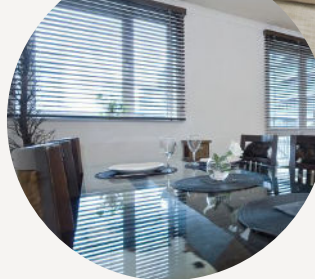

Venetian Blinds

- Are a popular option for adding style & natural warmth - while still getting the privacy you want.

Vertical Blinds

- Are great for sliding/full length doors & controlling sunlight coming in.

f. Patio

Vertical Blinds

- Are well suited for floor-to-ceiling doors or windows, with the ability to adjust the amount of light.

Sunfilter/Sunscreen Roller Blinds

- Reduce light, while allowing some privacy.

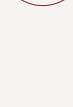

g. Office or School

Venetian Blinds

- Provide a contemporary and professional look, great for board rooms.

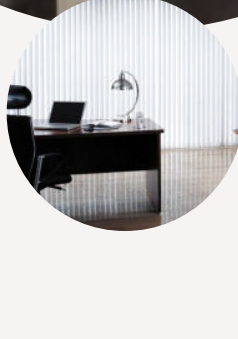

Roller Blinds

- Allow you to reduce glare and adjust light intensity, without losing your view.

Vertical Blinds

- Add a touch of sophistication, while still being economically priced. They also suit angled windows and floor-to-ceiling windows & doors.

g. Rental Property

Vertical Blinds

- Reduce dust build-up and are easy to clean/repair. They ensure privacy with light filtering and blackout options available.

Venetian Blinds

- Are contemporary & easy to clean. They are also an cost effective option.
